In person or telehealth care.	Call 877-284-7074 or website form	Adults with approved insurance	Medicare, Medicaid, private insurance	Outpatient Programs (OP) are for those seeking mental rehab or drug rehab, but who also stay at home every night. The main difference between outpatient treatment (OP) and intensive outpatient treatment (IOP) lies in the amount of hours the patient spends at the facility. Most of the time an outpatient program is designed for someone who has completed an inpatient stay and is looking to continue their growth in recovery. Outpatient is not meant to be the starting point, it is commonly referred to as aftercare.
